The Affordable Housing Special Assessment Program incentivizes the rehabilitation of multi-family residential properties to create and maintain affordable housing. This is achieved through assessment reductions for multifamily rental developments subject to development and other related restrictions.

If you are the owner of an affordable housing project and seek assessment reductions under this program, you must complete the form applications. To receive the special assessment reductions for the 2022 assessment year, eligible applicants must submit parts 1 and 2 of the application by March 31, 2022.

Please note, the Rental Information/Tenant Household Income Report Form. Eligibility has a limit of 25 units. If your project has more than 25 units, please visit the Department's website and upload it as part of your attachments corresponding to the Required Information of the application.
